Coach's BAR & GRILL

Fun Facts

Sharks predate fire. Fire requires 16% oxygen to burn. Earth did not reach that until 350-400 million years ago. Sharks are 450 million years old.

Earth is the only planet discovered that can support fire.

Sharks are older than Saturn's rings and have been around for 2 galactic orbits.

Grasshoppers are older than grass.

The T-Rex lived closer to the iPhone than the Stegosaurus.
